## Newsletter #4-2003

24 June 2003

### Sponsorship

#### Lundbeck Institute Seminar on Mood Disorders (25-29 August 2003) Skodsborg, Denmark

Lundbeck Hong Kong would like to offer 1 sponsorship to Fellow / Member / Inceptor of our College to attend the above conference. (The conference is not a product-based function but that advocates a balanced view of the current knowledge of medicine.) The sponsorship includes registration fee, accommodation and return air tickets. Please apply through the instructions below *on or before 14 July 2003*. The selection criteria will follow the scoring system posted on our College's website.

Those interested should write to **Dr KK YU c/o Dept of Psychiatry, Queen Mary Hospital** (or **fax to 28193851**). For scoring purpose (please refer to college's web site for details of scoring scheme), please state in your application (1) whether you are a Fellow, Member or Inceptor of the College; (2) when you were last sponsored by the College to attend conferences / meetings; (3) whether you are a Council Member / Chairman or Member of Standing Committee of the College; (4) your subspecialty (one only) or field of knowledge (one only) and whether you are serving in private or public sector; (5) whether you are going to present a paper in that conference / meeting (*documentation required*). Applications with incomplete information will not be processed. **If you do *not* receive a reply (written or verbal) from the responsible coordinator, please call Miss Miranda Lo at 31296432 to make sure that your application has been received.**

### Other Academic Events

#### **2nd World Congress On Women's Mental Health**

#### **International Association For Women's Mental Health**

(March 17-20, 2004, Washington, DC, USA)

For details of the event , please write to Dr D.Nguyen of Department of Psychiatry, Kowloon Hospital.

### Notes on Continuing Medical Education (CME)

1. There is a resolution in Medical Council in March 2002 that CME would be made a requirement for all practicing doctors starting from January 2005. It is also anticipated that a 3-year practicing certificate would replace the existing 1-year certificate effective from January 2005 and that the specialist CME would be accepted for renewal of Practising Certificate.
2. The Academy Council agreed in this respect that all CME cycles for existing Fellows shall start afresh from 1 January 2005 in order to synchronise the CME cycles with the duration of the Practising Certificate. As a result, CME cycles started within 3 years before 1 January 2005 will have to be counted on a pro-rotta basis.
3. The College Council has discussed and endorsed the proposed synchronisation of CME cycles for our Fellows. As for our Inceptors and Members, the College would facilitate their registration with and returns to the Academy for CME purpose from January 2005.
4. In order to facilitate CME and to expedite CME update for individual Fellow, Fellow can access the Web-based Membership and Learning Management System ([www.mlms.org.hk](http://www.mlms.org.hk)) of the Academy from July 2003. The system would allow Fellows to check on CME accredited events, to score CME points on MCQs set by Hong Kong Medical Journal and to update CME record in the future.

5. Last but not least, all Fellows are reminded to send in their annual CME returns 02/03 to Dr TL LO, Chairman, Education Committee, c/o Kwai Chung Hospital on or before 31 July 2003.

Best wishes

Dr D Nguyen  
Hon. Secretary
