Newsletter #1-2016

15 March 2016

Dear Fellows, Members, Inceptors and Affiliates,

I. New College Emblem

The resolution for adoption of a new College emblem was passed at the 26th Annual General Meeting of the College. The idea of this new emblem originated from Dr Eileena CHUI's winning design through the College Emblem Design Contest in 2013. Dr CHUI's design was put forward for further modification after comments were received from College Council Members and Fellows at the 25th Annual General Meeting. The current emblem consists of the Greek letter Psi with a snake coiling round the Rod of Asclepius. The Psi symbol signifies the Greek origin of Psychiatry (the healing of soul). The Rod of Asclepius has long been a symbol of medicine and the medical profession. The butterfly wings under the Psi symbol is an attribute of the old emblem with the concept based on the Chinese Taoist literature of “莊周蝴蝶夢”, designed by a senior Fellow Dr. Winston CHIU. The College Council would like to thank Dr Winston CHIU and Dr Eileena CHUI once again for their ideas, and opinions contributed by fellows leading to the formation of this new emblem.
